

OFFICE OF THE STATE CONTROLLER
STATE MANDATED COSTS CLAIMING INSTRUCTIONS NO. 2007-06
CONSOLIDATION OF CHARTER SCHOOLS (CS), CS II, AND CS III

FEBRUARY 22, 2007

REVISED JULY 1, 2013

In accordance with Government Code (GC) sections 17560 and 17561, eligible claimants may submit claims to the State Controller's Office (SCO) for reimbursement of costs incurred for state-mandated cost programs. This document contains claiming instructions and forms that eligible claimants must use for filing claims for the Consolidation of CS, CS II, and CS III program. The Parameters and Guidelines (P's and G's) are included as an integral part of the claiming instructions.

On July 21, 1994, the Commission on State Mandates (CSM) determined that test claim legislation for Charter Schools established costs mandated by the State according to the provisions listed in the P's & G's. On November 22, 2002, the Commission determined that test claim legislation for Charter Schools II established costs mandated by the State according to the provisions listed in the P's & G's. On May 26, 2006, the Commission determined that test claim legislation for Charter Schools III established costs mandated by the State according to the provisions listed in the P's & G's.

Exception

There will be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

The fee authority established by Education Code section 47613 must be used by a school district or county office of education to offset any claimed reimbursement of the cost of these activities. Refer to Activity B.1. under Charter Schools in Section IV. of these Consolidated P's & G's.

Eligible Claimants

With the exception of community colleges, any school district, as defined in GC section 17519, that incurs increased costs as a result of this mandate is eligible to claim for reimbursement. Charter schools and block grant recipients are not eligible to claim for reimbursement.

Reimbursement Claim Deadline

Claims for the **2012-13** fiscal year may be filed by **February 18, 2014**, without a late penalty. **Claims filed more than one year after the filing date will not be accepted.**

Penalty

- **Initial Claims**

When filed within one year of the initial filing deadline, claims are assessed a late penalty of 10% of the total amount of the initial claim without limitation pursuant to GC section 17561, subdivision (d)(3).

- **Annual Reimbursement Claim**

When filed within one year of the annual filing deadline, claims are assessed a late penalty of 10% of the claim amount; \$10,000 maximum penalty, pursuant to GC section 17568.

Minimum Claim Cost

GC section 17564, subdivision (a), provides that no claim may be filed pursuant to Sections 17551 and 17561, unless such a claim exceeds one thousand dollars (**\$1,000**), provided that a county superintendent of schools may submit a combined claim on behalf of school districts within their county if the combined claim exceeds **\$1,000**, even if the individual school district's claim does not each exceed **\$1,000**. If the total costs for a given fiscal year do not exceed \$1,000, no reimbursement will be allowed except as otherwise allowed by GC section 17564. The county superintendent of schools will determine if the submission of the combined claim is economically feasible and be responsible for disbursing the funds to each school district. These combined claims may be filed only when the county superintendent of schools is the fiscal agent for the districts. A combined claim must show the individual claim costs for each eligible school district. All subsequent claims based upon the same mandate will only be filed in the combined form unless a school district provides a written notice of its intent to file a separate claim to the county superintendent of schools and to the SCO at least 180 days prior to the deadline for filing the claim.

Reimbursement of Claims

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. These costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating: "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5.

Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, these documents cannot be substituted for source documents.

Audit of Costs

All claims submitted to the SCO are subject to review to determine if costs are related to the mandate, are reasonable and not excessive, and if the claim was prepared in accordance with the SCO's claiming instructions and the P's & G's adopted by the CSM. If any adjustments are made to a claim, the claimant will be notified of the amount adjusted, and the reason for the adjustment.

On-site audits will be conducted by the SCO as deemed necessary. Pursuant to GC section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a claimant is subject to audit by the SCO no later than three years after the date the actual reimbursement claim was filed or last amended, whichever is later. However, if no funds were appropriated or no payment was made to a claimant for the program for the fiscal year for which the claim was filed, the time for the SCO to initiate an audit will commence to run from the date of initial payment of the claim.

All documents used to support the reimbursable activities must be retained during the period subject to audit. If an audit has been initiated by the SCO during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings. Supporting documents must be made available to the SCO on request.

Record Retention

All documentation to support actual costs claimed must be retained for a period of three years after the date the claim was filed or last amended, whichever is later. If no funds were appropriated or no payment was made at the time the claim was filed, the time for the Controller to initiate an audit will be from the date of initial payment of the claim. Therefore, all documentation to support actual costs claimed must be retained for the same period, and must be made available to the SCO on request.

Claim Submission

Submit a signed original Form FAM-27 and one copy with required documents. **Please sign the Form FAM-27 in blue ink and attach the copy to the top of the claim package.**

Mandated costs claiming instructions and forms are available online at the SCO's website: **www.sco.ca.gov/ard_mancost.html**.

I. SUMMARY OF THE MANDATE

Charter Schools

On July 21, 1994, the Commission on State Mandates (Commission) adopted its Statement of Decision finding that Education Code sections 47605 and 47607, as added by Statutes 1992, chapter 781, require new activities related to initial charter school petitions and for monitoring and evaluating the performance of charter schools pertaining to the revision or renewal of approved charters, which constitute a new program or higher level of service for school districts and/or county offices of education within the meaning of article XIII B, section 6 of the California Constitution, and impose costs mandated by the state pursuant to Government Code section 17514. Specifically, the Commission approved the *Charter Schools* test claim for the increased costs of performing the following activities:

School Districts

- Respond to requests from the public for information on the charter school program. (Ed. Code, § 47605.)
- Conduct a public hearing within thirty days of receipt of a petition to determine community support for the petition. (Ed. Code, § 47605, subd. (b).)
- Grant or deny the petition within sixty days of receipt, subject to a thirty-day extension upon agreement of the parties. (Ed. Code, § 47605, subd. (b).)
- Provide persons to take part in a review panel to review the decision of the governing board of the school district and, if necessary, request the governing board of the school district to reconsider the charter request. (Former Ed. Code, § 47605, subd. (j).)¹
- Respond to any request of the review panel selected and convened by the county superintendent of schools pursuant to an appeal of any petition denied by the school district. (Former Ed. Code, § 47605, subd. (j).)²
- Monitor the performance of charter schools for which they have granted charters to determine if they have achieved their goals and objectives. (Ed. Code, § 47607.)
- Evaluate and decide upon requests for revision or extension of approved charters. (Ed. Code, § 47607.)

County Boards of Education

- Select and convene a review panel to review the decision of the governing board of the school district and, if necessary, request the governing board of the school district to reconsider the charter request. (Former Ed. Code, § 47605, subds. (j)(1) and (j)(2).)³
- Hear a petition following a denial on reconsideration by the governing board of a school district. (Former Ed. Code, § 47605, subd. (j)(3).)⁴
- Conduct a public hearing within thirty days of receipt of a petition to determine community support for the petition. (Former Ed. Code, § 47605, subd. (j)(3).)⁵
- Grant or deny the petition within sixty days of receipt, subject to a thirty-day extension upon agreement of the parties. (Former Ed. Code, § 47605, subd. (j)(3).)⁶

¹ Effective January 1, 1999, this activity was replaced with the new requirements of Education Code section 47605, subdivision (j)(1), as amended by Statutes 1998, chapter 673.

² Effective January 1, 1999, this activity was replaced with the new requirements of Education Code section 47605, subdivision (j)(1), as amended by Statutes 1998, chapter 673.

³ Effective January 1, 1999, this activity was replaced with the new requirements of Education Code section 47605, subdivision (j)(1), as amended by Statutes 1998, chapter 673.

⁴ Effective January 1, 1999, this activity was replaced with the new requirements of Education Code section 47605, subdivision (j)(1), as amended by Statutes 1998, chapter 673.

⁵ Effective January 1, 1999, this activity was replaced with the new requirements of Education Code section 47605, subdivision (j)(1), as amended by Statutes 1998, chapter 673.

- Monitor the performance of charter schools for which they have granted charters to determine if they have achieved their goals and objectives. (Ed. Code, § 47607.)
- Evaluate and decide upon requests for revision or extension of approved charters. (Ed. Code, § 47607.)

The Commission determined that the following provisions of Education Code sections 47605 and 47607 did not impose a new program or higher level of service within the meaning of article XIII B, section 6 of the California Constitution and Government Code section 17514, for school districts and county boards of education to:

- Plan and prepare procedures for implementation of the Charter Schools Act of 1992.
- Disseminate information regarding charter schools to staff, students, parents, and the community.

Charter Schools II

On November 21, 2002, the Commission adopted its Statement of Decision finding that Education Code sections 47605, subdivisions (j)(1) and (k)(3), 47605.5, 47607, and 47614 require new activities, as specified below, which constitute new programs or higher levels of service for school districts and/or county offices of education within the meaning of article XIII B, section 6 of the California Constitution, and impose costs mandated by the state pursuant to Government Code section 17514:

School Districts

- Review charter school petitions for renewal, when submitted directly to the governing board of the school district that initially denied the charter, prior to expiration of the charter granted by the State Board of Education. (Ed. Code, § 47605, subd. (k)(3).)
- Prior to revocation of a charter, the authority that granted the charter shall notify the charter public school of any violation of this section and give the school a reasonable opportunity to cure the violation, unless the authority determines, in writing, that the violation constitutes a severe and imminent threat to the health or safety of the pupils. (Ed. Code, § 47607, subd. (c).)
- Permit a charter school to use, at no charge, facilities not currently being used by the school district for instructional or administrative purposes, or that have not been historically used for rental purposes, provided the charter school shall be responsible for reasonable maintenance of those facilities. (Reimbursement for this activity is limited to administrative expenses resulting directly from the requirement to permit charter schools to utilize unused district facilities. Rental value of the facility is specifically excluded as a reimbursable expense.) (Ed. Code, § 47614.)

County Offices of Education

- Review charter school petitions submitted directly to the county board of education, pursuant to Education Code section 47605, subdivision (b), when the governing board of

⁶ Effective January 1, 1999, this activity was replaced with the new requirements of Education Code section 47605, subdivision (j)(1), as amended by Statutes 1998, chapter 673.

a school district denies a charter school petition and the charter school petitioner submits the petition to the county board of education. (Ed. Code, § 47605, subd. (j)(1).)

- Review charter school petitions submitted directly to the county board of education, in the same manner as set forth in Education Code section 47605, for charter schools that will serve pupils for whom the county office of education would otherwise be responsible for providing direct education and related services. (Ed. Code, § 47605.5.)
- Prior to revocation of a charter, the authority that granted the charter shall notify the charter public school of any violation of this section and give the school a reasonable opportunity to cure the violation, unless the authority determines, in writing, that the violation constitutes a severe and imminent threat to the health or safety of the pupils. (Ed. Code, § 47607, subd. (c).)

The Commission also found that Education Code section 47613 establishes a fee authority that must be used by a school district or county office of education to offset any claimed reimbursement for the costs of charter school supervisorial oversight under the *Charter Schools Parameters and Guidelines*.

In addition, the Commission found that Education Code sections 47602, 47604, 47613, 47613.5, 47614 and California Department of Education Memorandum dated April 28, 1999, do not require any additional mandatory activities of school districts or county offices of education, and therefore, do not impose a new program or higher level of service.

Charter Schools III

On May 25, 2006, the Commission adopted its Statement of Decision finding that the test claim statutes impose a reimbursable state-mandated program on school districts or county offices of education within the meaning of article XIII B, section 6 of the California Constitution and Government Code sections 17514 and 17556 for the following activities:

- **Findings on denial:** Upon denial of a charter petition, a school district makes written findings of fact to support one or more of the following findings: (1) the charter school presents an unsound educational program for pupils; (2) petitioners are demonstrably unlikely to successfully implement the educational program; (3) the petition does not include the required number of signatures; (4) the petition does not contain reasonably comprehensive descriptions, as specified in statute (§ 47605, subd. (b), amended by Stats. 1998, ch. 34).⁷
- **Transfer funds in lieu of property taxes:** except for local educational agencies that charge fees under Education Code section 47613, subdivision (c), a school district or county office of education that sponsors a charter school must transfer funds in lieu of property taxes to the charter school (§ 47635, added by Stats. 1999, ch. 78).
- **Financial information:** for school districts or county offices of education that are chartering authorities, including the revenues and expenditures generated by the charter school in the school district's or county office of education's annual statement, in a format specified by the California Department of Education. (This activity was only reimbursable

⁷ This activity does not apply to a county office of education.

from May 22, 2000 until June 30, 2001, and is not included in these consolidated parameters and guidelines.)

The Commission also found that charter schools are not eligible claimants under article XIII B, section 6 and applicable statutes.

II. ELIGIBLE CLAIMANTS

Any “school district,” as defined in Government Code section 17519, except for community colleges, which incurs increased costs as a result of this mandate, is eligible to claim reimbursement. Charter schools are not eligible claimants.

III. PERIOD OF REIMBURSEMENT

This consolidation of parameters and guidelines is operative for reimbursement claims (including estimated claims) filed for fiscal years 2007-2008 and beyond.

Actual costs for one fiscal year should be included in each claim. Estimated costs for the subsequent year may be included on the same claim, if applicable. Pursuant to Government Code section 17561, subdivision (d)(1), all claims for reimbursement of initial years’ costs shall be submitted within 120 days of the issuance of the State Controller’s claiming instructions.

If total costs for a given year do not exceed \$1,000, no reimbursement shall be allowed, except as otherwise allowed by Government Code section 17564.

There shall be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to Government Code section 17581.5.

IV. REIMBURSABLE ACTIVITIES

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, and declarations. Declarations must include a certification or declaration stating, “I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct,” and must further comply with the requirements of Code of Civil Procedure section 2015.5. Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

The claimant is only allowed to claim and be reimbursed for increased costs for reimbursable activities identified below. Increased cost is limited to the cost of an activity that the claimant is required to incur as a result of the mandate.

For each eligible claimant, the following activities are reimbursable:

Charter Schools⁸

A. School Districts

1. *Responding to information requests.* Provide information, upon request, to the community regarding the Charter Schools Act of 1992 and governing board's charter policy and procedures. (Ed. Code, § 47605.)⁹

V. CLAIM PREPARATION AND SUBMISSION

Each of the following cost elements must be identified for each reimbursable activity identified in Section IV, Reimbursable Activities, of this document. Each claimed reimbursable cost must be supported by source documentation as described in Section IV. Additionally, each reimbursement claim must be filed in a timely manner.

A. Direct Cost Reporting

Direct costs are those costs incurred specifically for the reimbursable activities. Direct costs that are eligible for reimbursement are:

1. Salaries and Benefits

Report each employee implementing the reimbursable activities by name, job classification, and productive hourly rate (total wages and related benefits divided by productive hours). Describe the specific reimbursable activities performed and the hours devoted to each reimbursable activity performed.

2. Materials and Supplies

Report the cost of materials and supplies that have been consumed or expended for the purpose of the reimbursable activities. Purchases shall be claimed at the actual price after deducting discounts, rebates, and allowances received by the claimant. Supplies that are withdrawn from inventory shall be charged on an appropriate and recognized method of costing, consistently applied.

3. Contracted Services

Report the name of the contractor and services performed to implement the reimbursable activities. Attach a copy of the contract to the claim. If the contractor bills for time and materials, report the number of hours spent on the activities and all costs charged. If the contract is a fixed price, report the dates when services were performed and itemize all costs for those services.

4. Fixed Assets and Equipment

Report the purchase price paid for fixed assets and equipment (including computers) necessary to implement the reimbursable activities. The purchase price includes taxes, delivery costs, and installation costs. If the fixed asset or equipment is also used for

²² This activity does not apply to a county office of education.

purposes other than the reimbursable activities, only the pro-rata portion of the purchase price used to implement the reimbursable activities can be claimed.

5. Travel

Report the name of the employee traveling for the purpose of the reimbursable activities. Include the date of travel, destination point, the specific reimbursable activity requiring travel, and related travel expenses reimbursed to the employee in compliance with the rules of the local jurisdiction. Report employee travel time according to the rules of cost element A.1, Salaries and Benefits, for each applicable reimbursable activity.

B. Indirect Cost Rates

Indirect costs are costs that have been incurred for common or joint purposes. These costs benefit more than one cost objective and cannot be readily identified with a particular final cost objective without effort disproportionate to the results achieved. After direct costs have been determined and assigned to other activities, as appropriate, indirect costs are those remaining to be allocated to benefited cost objectives. A cost may not be allocated as an indirect cost if any other cost incurred for the same purpose, in like circumstances, has been claimed as a direct cost.

Indirect costs include: (a) the indirect costs originating in each department or agency of the governmental unit carrying out state mandated programs, and (b) the costs of central governmental services distributed through the central service cost allocation plan and not otherwise treated as direct costs.

School districts must use the J-380 (or subsequent replacement) non-restrictive indirect cost rate provisionally approved by the California Department of Education.

County offices of education must use the J-580 (or subsequent replacement) non-restrictive indirect cost rate provisionally approved by the California Department of Education.

VI. RECORD RETENTION

Pursuant to Government Code section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter²³ is subject to the initiation of an audit by the Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. Pursuant to Government Code section 17561, subdivision (d)(1), issuance of the claiming instructions shall constitute a notice of the right of the local agencies and school districts to file reimbursement claims, based upon parameters and guidelines adopted by the Commission.

IX. REMEDIES BEFORE THE COMMISSION

Upon request of a local agency or school district, the Commission shall review the claiming instructions issued by the State Controller or any other authorized state agency for reimbursement of mandated costs pursuant to Government Code section 17571. If the Commission determines that the claiming instructions do not conform to the consolidated parameters and guidelines, the Commission shall direct the Controller to modify the claiming instructions and the Controller shall modify the claiming instructions to conform to the consolidated parameters and guidelines as directed by the Commission.

In addition, requests may be made to amend parameters and guidelines pursuant to Government Code section 17557, subdivision (d), and California Code of Regulations, title 2, section 1183.2.
